Board of Trade Discussed Mass Meeting

HELD MAY 12

Which Farmers, Crain Men and Millers Will Attend

The Wichita Booard of Trade held an Interesting meeting yesterday. After the transaction of the routine business, the matter of the meeting of grain dealers, millers and farmers here on June 13th was discussed.

It came up on a motion of Robert Coats to appoint a committee to make the peressary arrangements to insure the success of the meeting. Several members been invited to attend the meeting on June 13th without any real object in view. Ii. Herzer, who buys grain principally for export, took the floor and when he got through it became very evident why the farmers had been invited to attend

Mr. Herzer said that he wanted the farmers in the meeting so that they would understand the actual sharton. If this thing came down to a fight to the finish, he wanted the farmers behind the grain men. He said that the rate on all kinds of grain from Chicago to Boston was 17 cents per hundred pounds; to Philadelphia and Baltimore from the same place if was 13 cents, and to all detervining points a proportionate rate was charged. Then he asked how it was in Kansas and answered his own question In Kansas and snavered his own question by stating that the rate on wheat from Atchison, St. Joseph and Kansas City is 27 cents per hundred pounds. "From Topeka to Galveston it is 24 cents," he said. "and from Wichita is 36% cents, while Wichita is 250 miles nearer Galveston than Kansas. We have to pay a little more than 8 cents a bushel in excess of Missouri river rates to get our wheat to Galveston." Mr. Herzer stated he wanted the farm-

ers in the meeting on the 15th of Jube

as that they would learn these things.

He wanted the farmers to know that they and not the grain dealers were paying that extra 8 cents. He also wanted the farmers to know that Illinois and Missouri farmers could ship their wheat to staughter in the third degree, for which the southwester states and territories. the southwestern states and territories he was convicted, is barred by the statute '7 to 14% cents per hundred pounds cheaper than the Kansas farmer, though the farmers here are several hundred miles nearer these markets. He declared that if this thing came to a finish and the farmers understood the true situation they would are also a since wall of they would stand like a stone wall oc-

hind the grain men.
On motion of J. E. Howard it was voted to take the necessary steps to connect the Wichita Board of Trade with abination of clubs is going to try to influence the election of railroad commis-sioners and to elect men to the legis-lature pledged to such railroad legisla-sented in Topeka by W. R. Minert. The tion as will be to the interest of Kaners in line by the time another legisla-

of grain from Galveston, was present and seemed to take a deep interest in the proceedings of the meeting. He went from Galveston to Havana and New York and came back to Wichita to find out home for only six and two-thirds center of the company was a promised that the Northwestern would place you in possession of a \$1.98
